## Vale informs about Sparrows Point

Companhia Vale do Rio Doce (Vale) informs that negotiations carried through a joint venture, in which Vale would have a minority stake, with ArcelorMittal USA, for the acquisition of the Sparrows Point steel mill, in the east cost of the U.S., were terminated without the achievement of its goal.

In consequence, Vale's commitment of investing up to US\$ 270 million, publicly announced in August 2, 2007, no longer exits.
