Vacancy for National Recruitment

1. Fire and Emergency Services (FES) Specialist (Work Location Sorowako)

The FES Specialist at PT Vale Indonesia (PTVI) plays a critical role in ensuring the safety and risk mitigation of our operations, particularly focusing on process safety. By aligning with international and national standards, developing strategies for emergency response, and collaborating across various sectors, the specialist works to protect both PTVI operations and the communities where we operate. This role emphasizes preparedness, responsiveness, legal compliance, and coordination to achieve a cohesive emergency management system.

Requirements:

- Minimum bachelor's degree in engineering, safety engineering, or related fields.
- Minimum 8 years of related working experience (process safety experience is recommended)
- An experienced facilitator of qualitative and quantitative risk assessments (e.g., What-If, HAZOP, FMEA, SIL, BowTie, etc.) is recommended.
- Have excellence knowledge about Emergency Response and Process Safety Management.
- Familiarity with NFPA, BNPB, Process Safety and other relevant standards.
- Strong analytical and strategic thinking abilities.
- Experience in risk management, legal compliance, and collaboration with various stakeholders.

2. HSE Project Specialist (Work location Sorowako)

Plan, coordinate, provide expertise and evaluate the development and implementation of overall Health and Safety aspect, such as Management System, Government standard and instruction, that are divided into: Health and Safety standard and management, with references to PT Vale HS and Operation Risk Standard and Guidelines, and legal requirements to ensure alignment and compliance with PT Vale Policy, and HS & Operation Risk Standard and procedures and government regulations on Health and Safety, and Mine Safety Management system (SMKP).

Requirements:

- Minimum bachelor's degree in engineering, preferable in Occupational Health and Safety.
- Have Specify Certification: Mandatory POM, Preferable Senior Operational Manager (POU) of Ministry of Energy and Mineral Resources, General Health and Safety Specialist (Ahli Keselamatan dan Kesehatan Kerja Umum – AK3 Umum), SMK3 and SMKP – internal auditor.
- Minimum 8 years working experience in Safety.

We believe mining is essential to the world's development. We only serve society when we generate prosperity to all and take care of the planet.
